

NGCC COVID-19 MASK POLICY

NGCC's mandatory mask policy will be in effect at both sites effective:

MONDAY, SEPTEMBER 21, 2020

For everyone's safety and to reduce the risk of spreading COVID-19 we have established this policy. We still encourage everyone to self-screen at home and if you are feeling ill, PLEASE STAY HOME!

Masks must always be worn inside the facility, EXCEPT when engaged in physical activity in the gym or at a fitness/yoga class. Masks must be worn when you are in the hall, MPR, vestibule, washrooms, and hallways.

Everyone will be required to wear a mask except for children under 5, but we encourage them to wear a mask if they can. For those with a medical reason, we ask that you speak to a staff member. Outright refusal may result in you being asked to leave the facility.

PLEASE NOTE that masks/face coverings must cover your nose and mouth completely.

THANK YOU for your anticipated co-operation and understanding. We want to ensure that the people of our community have a safe space to gather and participate in activities.

NGCC Board of Directors
